

Chain Innovation Day 2016

Agenda / Thursday, Oct. 20th

Time	Topic	Speaker	Duration
08:00 h	Welcome: Chain technology in transition	Dr. Peter Kreisfeld Nico Hirsch	20 min.
08:20 h	Trends in Power Transmission: The „living“ chain!	Dr. Thomas Wolf	30 min.
08:50 h	CCM: Chain Condition Monitoring How is chain wear being measured?	Florian Madlener	25 min.
09:15 h	b.dry: Our newest product chain innovation Extremely wear-resistant, stainless, hygienic	Dr. Thomas Wolf	30 min.
09:45 h	Coffee break		15 min.
10:00 h	X-Factor finite-life fatigue strength: Another iwis highlight!	Dr. Thomas Wolf	30 min.
10:30 h	Chain prototypes at the touch of a button!	Florian Madlener	30 min.
11:00 h	Transport innovations for automation systems	Dr. Frank Rasch	45 min.
11:45 h	Lunch		60 min.
12:45 h	Factory tour: New developments in the Testing Department and in the chain manufacturing area	Florian Madlener, Thomas Wirth	75 min.
14:00 h	Strong arguments for iwis: Our brand portfolio and performance diversity	Anna Herzog	45 min.
14:45 h	Application consulting Part I: From task to implementation	Daniel Voss	45 min.
15:45 h	Coffee break		
16:00 h	Application consulting Part II: `Chain design parameter	Daniel Voss	45 min.
16:45 h	Chain solutions for selected industrial branches	Nico Hirsch Egbert ten Berge	30 min.
17:15 h	End of the Event / Feedback Round	Nico Hirsch	15 min.
